WEBSITE PROPOSAL FOR VILAKAZI EXPRESSO

WEDE5020POE: PART 1 Web development proposal

Ntando Chantell Hlongwane
VILAKAZI EXPRESSO & CURIOS
ST10502484

Proposal Content:

If the storyline is fictional, you would still be required to present realistic content for the fictional client.

1. **Organisation Overview:**

- Vilakazi Expresso & Curios.

- Vilakazi Espresso & Curios is a café located at 7346 Kumalo Street, Orlando West, Soweto. It is situated on Vilakazi Street, one of South Africa's most famous cultural streets, near landmarks like Mandela House and Uncles Tom's Community Centre. The café serves as both a coffee shop and meeting point for Soweto tourism experiences like bike tours.

- **Mission:** To serve quality coffee while celebrating Soweto's culture, history, and community spirit. **Vision:** To be Soweto's premier coffee and cultural destination for both locals and tourists.

- **Target audience:** Local residents, domestic and international tourists, students, artists, and tour groups visiting Vilakazi Street.

2. **Website Goals and Objectives:**

- Goals: Increase website traffic and online visibility for tourists searching "Coffee in Soweto". Generate leads for tours, events, and catering. Showcase the brand story and menu online.

- Website visits and bounce rate. Number of tour/event bookings made through the site. Social media engagement and Google Maps reviews.

3. **Current Website Analysis (if applicable):**

- **Strengths:** Physical location is strong, already a meeting point for tours. **Weaknesses:** Limited online presence. No central website to display menu, hours, events, or booking options.
- **Areas for improvement:** Need mobile-friendly website, online menu, booking system, and SEO for "Soweto Cafe" keywords.

4. **Proposed Website Features and Functionality:**

- Homepage: Hero image of café and Vilakazi Street, quick links.
- About Us: Story of Vilakazi Espresso and its role in the community
- Menu Page: Coffee, food, and curios with prices
- Contact: Map, address, hours, WhatsApp/Instagram links

5. **Design and User Experience:**

- Discuss the overall design aesthetic and branding, highlighting the following:
- Colour Scheme: [Proposed Colour Palette]
  - ❖ Primary: Deep Coffee Brown and Warm Cream
  - ❖ Accent: Terracotta Orange and Muted Gold – inspired by Soweto art and Vilakazi Street murals
  - ❖ The palette reflects coffee, warmth, and community, heritage while staying true to Vilakazi Espresso's identity as a Soweto cultural hub.

- Typography: [Font Choices and Hierarchy]
  - ❖ Headings: Playfair Display- elegant serif to convey premium quality and storytelling
  - ❖ Body Text: Montserrat- clean sans-serif for readability on mobile
  - ❖ Hierarchy: H1 for page titles, H2 for sections, P for body. Good contrast for accessibility.

- Layout and Design: [Overall Design Approach]
  - ❖ Clean, image-driven layout with large hero banners of coffee and people and Vilakazi Street.
  - ❖ Grid-based structure with plenty of white space to feel calm and welcoming.
  - ❖ Consistent use of rounded buttons and soft shadows to match the "cozy café" vibe.

- User experience considerations (e.g., navigation, layout, colour scheme).
  - ❖ Navigation: Sticky top menu with: Home, Menu, Stores, Order Online, About, Contact.
  - ❖ Layout: Mobile-first design. Important actions like "Order Now" and "Find a Store" are above the fold.
  - ❖ Colour scheme: High contrast for accessibility. Warm tones to reduce eye strain and increase time on site.

- ❖ Speed: Optimized images and minimal animations to ensure fast loading on mobile data.
- Develop low-fidelity wireframes to visualise the website's layout and information hierarchy.

6. **Technical Requirements:**

- Reliable shared hosting with good uptime. Domain name www.vilakaziespresso.co.za
- Languages: HTML5 for structure, CSS3 for styling and responsive design, JavaScript for interactivity like menu filters and booking forms
- Bootstrap 5 for mobile-first responsive layout, Google Maps API for location and directions, WhatsApp Business API for direct bookings and inquiries.

7. **Timeline and Milestones:**

- Create a realistic project timeline with key milestones that follow the timeline during the subject's submission dates.

Week 1 Research + Wireframing

Week 2 Design + Homepage Development

Week 3 Menu + Store Locator Pages

Contact Page + Testing + Submission

8. **Budget:**

Item	Estimated Cost ZAR
Domain Name	R100
Web Hosting	R1200
Website Design & Development	R8000
Content & Photography	R1500
Maintenance	R2400
Total First Year	R13 200
